What to Expect for the Week of November 15, 2021

- Installation of Ductbanks
 - Start at EMH "CC" (101 Main Street) to EMH "BB" (96 Main Street)
- Start Traffic Signal conduits at intersection of Main Street and Wood Street
- MassDOT Survey Crews to continue to locate limits of easements within the corridor
- Delivery of Electric materials

This work will require a lane shift to maintain two lanes of traffic. Work hours during the day will remain 7:00am-3:00pm but may be extended if necessary. The plan provides two lanes of traffic through the work area delineated by cones or barrels. There may be the need to temporarily go down to one lane of alternating traffic for short periods of time. [Traffic management plans can be viewed online on the project website.](#)
